To Our Customers.

BEING the only house in the United States, and probably in the world, collecting, growing and dealing in Orchids *exclusively*, we beg to call the attention of our customers to the fact that we are in a position to furnish this class of plants of better quality and at lower prices than any other house offering Orchids.

We are constantly receiving fresh importations of Orchids direct from the forests of Mexico, Central and South America and the East Indies; in fact, from all quarters where Orchids grow.

Our stock being constantly renovated, a great number of our plants are unflowered, and buyers frequently obtain choice varieties without paying fancy prices for same.

We also wish to state that we are willing to exchange or buy anything rare or choice, or overgrown specimens in Orchids.

We have always on our register a number of competent men well versed in Orchids whom we can recommend to any lady or gentleman requiring the service of such men.

This list cancels all previous quotations.

TESTIMONIALS.

NEW YORK, March 15, 1898.

MESSRS. LAGER & HURRELL:

GENTLEMEN—Your plants are in fine condition, and I congratulate you on your success. Such plants should give great satisfaction to all your customers.

Very truly,

HENRY GRAVES.

MONTREAL, CANADA, Nov. 11, 1898.

MESSRS. LAGER & HURRELL, Summit, N. J.:

DEAR SIRS—The Orchids arrived promptly in excellent condition, and so careful and finely packed that they might apparently have travelled upside down without harm. I never saw so many such splendid, healthy, strong Cattleyas grown on such small space before.

JONATHAN BROWN.

CHICAGO, ILL., Dec. 5, 1898.

GENTLEMEN—The Cattleyas Mendelii arrived in good condition, and are very satisfactory; you may send me one-half dozen more of the same quality, etc.

Yours truly, EDWARD G. UHLEIN.

SAN JOSE, CAL., June 20, 1898.

GENTLEMEN—The Orchids you sent me arrived in good condition, and are very satisfactory both as to varieties and size. Yours truly,

J. N. BABB.

PITTSBURG, PA., Dec. 17, 1897.

The Cattleya Trianae arrived all safe, and I must say you treated me in good style. The plants were the best I have received, and far ahead of the stock I have lately received from other firms, etc.

Yours very truly, DAVID FRAZER.
